

ECSA shooting competition rules (revised February 2019)

Since 2004, shooting competitions are being organized by various ECSA members.

In order to create a safe and work related competition the following rules need to be followed.

Rules:

Invitation:

- Invitations need to be send in 6 months before the competition
- Always send the invitation to the DG of the Customs administration and the ECSA representative
- Transportation from the airport or trainstation of participants has to be provided by the organizing administration
- In case of transport of weapons, border formalities must be prepared by the organizer

Competition:

- EPP will be the leading stage
- Teams will consist of 3 shooters
- The focus will be on pistol shooting however stages with other weapons are allowed
- Composed teams are allowed
- There will be a team and an individual competition
- Participants have to bring service pistols, tuned pistols are not allowed
- The organizer must, if needed, provide pistols for those participants who can't bring their own weapons.
- All participant need to be well trained and work as an armed customs officer
- No combination of pistol and other wapons for precision shooting
- No participants in the jury or in the results administration.
- Situation stages, build and evaluated according to the valid international IPSC rules optional disciplines or situations chosen by the organizer are possible.

Safety rules:

- All participants have to follow the safety rules of the organizer and the shooting range.
- Weapens need to be stored in a safe overnight.
- Weapens may only be unholstered during the parcours or in secured eareas
- When a shot is fired in any other direction then the (sand) bulletcatcher, it will result in a disqualification.
- When active in the stage, it's is not allowed to have a finger at the trigger.

EUROPEAN POLICE PARCOUR

Targets: EPP Target
 Rounds: 50
 Max. PTS: 250
 Start position: Both hands lowered on the 7 m. line.
 Gun condition: Gun loaded with 5 rounds and holstered, 5 rounds in the second magazine.
 Start/Stop: By whistle signal.

Both-handed shooting (one-handed shooting is only from a 10 meter distance, 5 shots into a small, circular target) from various positions and distances.

Time limit: 5 minutes and 30 seconds (that includes loading 5 rounds into the magazine and loading the gun).

EPP is divided into 7 basic disciplines:

1. Eye level shooting: two magazines of 5 shots from a distance of 7 meters, within a time limit of 15 seconds.
2. Precision shooting: holding gun in both hands, from a distance of 30 meters, 5 shots in a lying position.
3. Precision shooting: holding gun in both hands, from a distance of 25 meters, 5 shots in a sitting position.
4. Precision shooting from behind a shield: from a distance of 20 meters, 5 shots from the right side of the shield, shooting right-handed, and 5 shots from the left side of the shield, shooting left-handed.
5. Precision shooting: holding gun in both hands, from a distance of 15 meters, 5 shots in a kneeling position.
6. Stress fire: Gun is holstered, 5 shots in a standing position, the time is 10 seconds (for 5 rounds).
7. Precision shooting: from a distance of 10 meters, 5 shots holding the gun in only one hand while shooting at a 4/5 round target positioned top left or right (your choice), and 5 shots holding the gun in both hands shooting at the 4/5 round target which has not been shot at before.
